

DAS (R)EINE VOLK - FOLG' VON (R)EINHEIT!
(R)EINHEITSGEBOT #1

ENGLISH TRANSLATION

While the normal people obediently follow their multifaceted Lord without flinching ... whom or what should the pure, one people follow? Only the purity of spirit, soul and body? Possibly a thought that is worth pondering. Only that, which is divine can be called **ALLHEIL** and perfect **BLISS** in our elementary life and weaving, ALL the best making itself noticeable, that we have felt inside ourselves since the beginning and are exactly that without a doubt, can be considered the most powerful tool of our BEING. In this described state - and only there alone - where purity meets gentleness and empathy, we are in pure **OMNIPOTENCE**, in creation of the best.

As inside, so on the outside, as above, so below. Purity in unity is complete liberation from impurity, clear and unbreakable connection with the source of that **OMNIPOTENCE**, that is at home within us, that's why the shadow power of impure animal bastards for 13,028 years have been attached to us for the energy maintenance of their own life, plundering us with all their nonsensical and exploitative regulations and constitutions, always trying to force their will upon us.

Why the change in format and design?

Why no longer the flag of the DEUTSCHES REICH on the cover?

Why the modification of the VOLKESBOTSCHAFT into (R)EINHEITSGEBOT?

Life in this world means constant change. He, who rests, rusts, especially in spiritual terms. From today's more progressive perspective, a DEUTSCHES REICH from 1871-1918 is in best hands in this long past time. But only there! What is particularly outstanding about that proven form of the former togetherness of that time, that - and much more - we will be able to accomplish even better in the age of the dawning water jug. All the more outstanding should our wealth of ideas be in all our creation, since we are tomorrow the result of today's work.

What the coat of arms of Brandenburg-Prussia means to me, I already laid out extensively a few days ago. Not the unifying connection with the DEUTSCHE REICH as a legacy of a conglomerate is the primary idea of creation; not the unitary constitution, which placed under one common hat all tribes and groups of people, which are considerably different in essence, according to custom and practice, but rather to create local, healthy structures, that will result in mutually beneficial cooperations for all tribes and groups of the human communities. Freedom of travel among our loving and benevolent brother folk, such as the numerous tribes of our Russian soul partners, also the Austrians, the German-speaking areas of Switzerland and necessarily areas of Northern Italy. In many parts of Sweden and Denmark we speak our perfect German mother tongue, as in Flanders, Bohemia and Moravia. Not to forget, our eastern territories. A great empire, which reaches up to the Russian brother border, but under the aegis of the simplest municipal administration, in which the people's will is carried out by a benevolent leader. BUT: Emperor Wilhelm I also saw himself as Prussian, as I do.

Only the highest spiritual beings, superhumans, who move exclusively in gentleness and empathy, are entitled to legal regulation! The life serving and with the means of purest sincerity protecting the **ALLHEIL**, may coordinate the interests of society, since the good will always do good for all benevolent ones. To insinuate something anti-sacred to the good, would come close to heresy. Thus we wait for the best of all good, he will rise!

1. Therefore, Do we need an empire, when the kingdom of the pure following - the **following** of the source of the **ALLPOWER** - has already made itself at home in us?
2. Do we have to create again a structure first, whereas all structures, that are called "divine" have been active in and around us since the beginning of our all-encompassing BEING, instead of getting used to the **PURE** way of thinking, feeling and doing?
3. Isn't it time to just let go and let God be God without using our EGO mind to turn the pure into an artificially impure by means of the mind?

4. In addition, do we need a king/emperor, who out of sheer unreasonableness and UNeducation indulges in the suffering of animals? Are we not, every single holy being, king of our own creation, thus king over homeland and possession?
5. Should we in future better acquire knowledge, than to believe the senseless, or rather believe true knowledge to create faith in creation from the certainty of knowledge?

Only the attentive student has understood my three short manuscripts in their essential values. Briefly skimmed over does not mean by a long shot the value of an elementary "study". Let us remember Hera, who studied my writings in such a manic-perfect manner, who almost memorized every line of text, which is not even possible for me, the author, is her inner and outer progress since the beginning of her studies hardly comparable with any other student. Hera floats, Hera is far away from the physical, literally mutated into one of the most powerful goddesses I have ever met and the reader should believe me, she is not the first of this gender in my living environment.

Much to my displeasure...one of the always asked about topics probably exceeds the limits of the momentary thinkable. For this reason I hesitated to answer the questions asked:

"WHO or WHAT are you?", I was asked.

An ambassador. An ordinary messenger of information charged with essential certainty from a predetermined "time". Whereby, time is only a notion of the classification of the individual believes, it is an artificial creation of the constructor of this matrix. I will deny - for the probably three hundredth time-, the assumption, that I may be the one who... "No!", "No!" and again "No!" for the 300th time. I must admit to be in league with this certain emerging one.

Too mystical? ... Too unbelievable?

Believe, whatever is according to your value is. Truth holds within our pure folk a high-ranking place. Without truth, there is no growth, that is why the UN-truth has only a short lifespan, before it is doomed to disappear into oblivion. While almost all other groups, who devoted themselves to elementary freedom 20 or 30 years ago, have been removed, we continue to go our way, supported by that **ALLPOWER**. For centuries already these teachings of the purity in unity of the wisest, delivered by my humble self, was prepared for just the time between 2002 and 2021, even if these dates in reality are non-existent. Also the **ALLPOWER** considered: the path to be mastered by myself/us could be of a rocky nature. So a form of invincibility was created for us, which also resides within YOU, dear brother, beloved sister, but you have been caught in distractions so far.

So let's put some coals on the fire, speed up the pace...

What level of knowledge have you attained so far in terms of immortality or, more specifically asked: *What do you know about avatars?* In no case will compare the following to the metaphor of a Jesus Christ, attached to matter. Of course it is possible to remove the "Holy Spirit" from your elementary ordered beings, by taking you as a child to the Kindergarden, then to school and possibly into a university, place you in front of a television and completely (**UN**)educate and entertain you against all divine enlightenment. The good old home cooking as the perfect degenerating evil on top of it all, material irritants in your life, like greed and envy, and you will never and never be able to reach an age of complete wisdom/purity. Especially since you will not be given the benefit of a Caesarean section, where you will be spared the way through **the ring, the ring to enslave mankind**, the channel of forgetting.

*Not to know, does not mean at the same time,
not being able to learn!*

So, up, up, comrade, we are progressing fast!

My speech was of immortality, that today's man, due to the balance of power, is not supposed to reach. Some certain small groups became well known, 350 years of life are equated there with an *impure way of life*. Such are mocked as "*baby chicks*" there. What is going decidedly wrong in our oh so awakened state?

*We believe,
in this false faith we believe,
instead of knowing,
to feel knowledge as certainty!*

If certain messengers come along enlightening only few, "the lonely righteous," they believe the content of the ambassador. In those brothers at first vibrates an indescribable feeling, to recognize truth in these messages, otherwise these pure ambassadors would not offer such unbelievable knowledge. However, the greater part of those, who devote themselves to awakening, is never allowed to reach it, because of the own lousy MERIT, them behaving defiantly, not recognizing the morass, in which they have already sunk, due to this very defiance and resistance. Instead of improving their MERIT daily, to increase their OWN value considerably, the good is even placed in a bad light. The typical Zionist approach! These are not able to create the salvation in and from themselves, due to their inferior being and because of their envy, they know or knew how to prevent this holiness for all other people.

To help you with your synapse formation, please think about the HERE and NOW. Yesterday or tomorrow is unthinkable, you are always HERE, only HERE, at this point. Not a single millimeter you move away from HERE.

And now know: TIME is artificial, basically just means the movement through space. A light year is not measurable with a watch, but only with a measuring tape. **You understand the connection?** No? We will go into more detail...

TIME equals movement through space. TIME OF THE DAY is something completely different. It measures a non-existing art object, which tries to deceive you into a progress of seconds, minutes ... centuries. This fiction, as well as "your" PERSON, was given to you by the people of the UN-pure race, that mingled with animals, the bastards of the bastards, as the Sajaha calls them so appropriately, as they also made you believe in the calendar, your birthday party - a year older again - and by means of this (mis)belief, you no longer move happily through space, but believe everything marked by falsehood, because you believe, but know nothing at all. Would you know, you would never and under no circumstance give your faith - **YOUR ENERGY!** - to them. Now do you understand? No, not yet? There is a much more obvious way...

Merge the NOW and HERE, the only possible location of your BEING, the only thing, that may apply to you, with the artificial time of animal humans. It would be the connection of divinity with near nothing, in result only maintaining divinity, but you prefer to believe in the empty, non-existent nothing.

You see, only your belief in following some kind of fiction, no matter how foolish and laughable, decides, what you will be one day. Their propaganda machinery consumes trillions of tax money worldwide, to keep you in the believe, so you voluntarily give them your energies and keep them alive with these energies ... and yet you escape now by means of these few lines, because the truth does not need any foreign energies. The truth is, like gold or our Arman runes, shaped by most elementary love and truth. It maintains itself, the reason why you have never had to make donations

to me in all this time. My work is financed by truth alone. Do you understand? Divine spirit always maintains itself.

But back to TIME and the divine counter-aspect: the HERE and NOW. With this already the resolution of the great mystery has been revealed. What can not be located in the HERE and NOW, that stumbles within TIME. This lie, that "man" would pass away due to the artificial time, believing in a yesterday, being afraid of the morning, aging and dying. And now think yourself into the capacity to be able to rest always HERE and NOW, not wasting ones energies on birthdays, Christmas and all this garbage. We start immediately and give today's VOLKESBOTSCHAFT a new name, remove the date. You see, already for us few "lonely righteous" in the context of this column, no more time exists. The year I didn't name anyway, only UrUr, which means in the runic understanding as much as "double health". Today, if we would still look at the calendar, the so called date would be "MAN" - the life, but what is the non-existent time still bothering us!?

Now you are better informed and you understand why you do not suffer a certain death at any "time". Life cannot die; this is the duty of the inferior, the instinct alone.

*Consciousness is the creator,
but not creation!*

"And what about those, who have died?" Now, not all good people belong to the meritorious following to be able to experience the holy. The chaff had to separate from the wheat, their merit cannot be stopped, as much as I sympathize with some of those, who have gone. From my own experience, I know that "over there" is not so ominous, as is claimed. And what belongs here, will also come back. Even though I would gladly share more about my experiences at this point, we have to leave it at a shallow rise, since I am, as you know, not alone here and have friends at my side, who do not yet allow certain words to be used.

Are you still of the rock-solid conviction, that one can be killed by injury or - in a healthy condition - die by means of a so-called "senile decay"? To become **old** only means to be **sick**. The human organism does not age, just as spirit and soul are not subject to this feigned nonsense. Since the body is only the result of both otherworldly aspects of being, spirit and soul, purely from logic, a tangible for each bio-LOGICAL thinking and feeling creator, it can only be subject to voluntary termination of the existence in this realm, if at all.

Yes, yes, I know, people can be shot, stabbed, strangled, drowned and be expelled by thousands of different ways from this realm. Who could understand this fact more than I do? And again a BUT follows: ONLY IF THEY BELIEVE IT! Remember:

*That, which you believe,
corresponds to your future path!*

And do you still believe the media gibberish, then take a soothing meal, make yourself comfortable and enjoy the upcoming film, which our wonderful Swiss brother Bruno Würtenberger dug up, in order to show a possible way of world peace. BUT, if you are faint-hearted, let other people of your trust look at it first. This really gets down to the matter:

<https://www.youtube.com/watch?v=idgVfGLLNFE>

Well, still convinced, that a person dies, if you puncture him with a murder weapon? Without question, those who, with a firm belief in injury, will let themselves be talked into their kingdom of heaven, to them will also be given THE CREATION THEY DESIRE (faith/believe=certainty is the

main constituent of every creation!), the holy wish is fulfilled, every human being is equal to the highest creative potential. The one wants to create everlasting world peace and wants and wants and wants and never rules world peace, because they themselves are never at peace with all living beings, stuffing one corpse after the other into the foul-smelling gullet, while the others live with all GOD (!) in harmony. With the latter, never maliciousness or a inconsistency will disturb their peace and quiet. Why should it!?

*You are the result of your thinking, feeling,
of your tireless actions
and the totality of your merit.*

What you are today, just THAT - nothing else - you created/earned exactly the same. And when you fill out a hundred thousand lottery tickets, if YOUR SELF has not planed this profit into your life, you will never win, because you may not have earned this result or because you don't need it for your path of life, you may be supposed to use your mind to become a genius and become the creator of an empire or gain spiritual strength as the poorest beggar man.

What you don't have to do at all, however, if you do not cherish this wish and ban all false believe from your mind, is to die. Even getting sick is up to you alone. Years ago I decided for the opposite, the staying healthy, I canceled all insurances and created so much pleasant wealth for myself. I DO NOT ENDURE WITH MY WORK TO PAY ALL KINDS OF PARASITES! This was a little too idle for me, since everyone can arrange his life as he wants to determine the results of this in advance. This *Bismarckian welfare state* has always been an obstacle to human development. "*Whoever does not come to the right time, is left with what remains.*" Isn't that, what they say? In my opinion, it is a grave error, serving injustice, to keep the self-destructive evil alive always and constantly to be preserved by foreign donations. If the person, who composted himself, wanted to live, he would preserve his pure peculiarity according to life, period, off.

Some enlightening words about your so much loved Fabijenna:

Hans Joachim Müller already mentioned "her" benevolently, as he also mentioned the troublemaker Frank Radon positively. What the dark ones recognize as positive, that can ultimately only be: ... ? How right you are, dear reader! "*A German love*", which can hardly express a sentence in correct German, who cannot prove the love of German by her deeds, can again only be the fantasy of a certain race.

Germans are capable of perfect Germanhood, are upright, straight, of the Holy Spirit and to be recognized in this world accordingly. With this background knowledge, consider the three I have just mentioned. And already it gets dark again, very dark even.

But to keep you enlightened, why do you think "*Fabijenna*" did not give herself the usual first name Fabienna, as it has been written since time immemorial, or also Fabjenna? Fabienne, the female pendant to Fabian, also a possibility. Surely you know the old High German term "*Jenna*"?

"*Da kumm de Jenna, sich oblegen ihrs dunkle Wesens in unsrer heilge Gracht*" Well, now it must be dawning, right? In High German the sentence reads as follows and now sit down, comrade, what dark evil you fell into again: "*Here come the Jews, planting their dark being in our holy Home.*" Let that sit for a minute.

*Keep your eyes open in traffic! And through your life you're wandering blind,
comrade?*

And who, I ask you again in all seriousness, is the Fabian Society? Even [WIKIPEDIA](https://en.wikipedia.org/wiki/Fabian_Society) knows a lot

[illegible]

PLANET (plan → german for “flat”) against the escape of the occupants. Devil's work is his creation, who may be creator of that?

In Liebe und Verbundenheit.

(As always, so also today: Pass on this message to the millions within our pure folk!)
